

5. MedSpa / Spa / Wellness Facilities

ICP Summary

MedSpa, spa, and wellness facilities are high-fit when positioned around scheduling, treatment plan follow-up, membership/package support, lead response, CRM hygiene, pre/post-care instruction delivery, consent packet routing, review requests, and non-clinical client communication. The correct role base is VWA, Scheduler, PCC-style coordinator, SDR, and, for physician-led clinics only, VMA/Scribe-style documentation support.

The market is attractive but compliance-sensitive. Florida clinic rules require clinics covered by the statute to appoint a medical director or clinic director responsible for ensuring license compliance, recordkeeping/adverse incident reporting, and billing review. ([Florida Legislature](#)) H& Jobs should therefore avoid any service positioning that appears to influence clinical decisions, treatment recommendations, prescribing, injecting, laser services, or provider supervision.

Best-Fit MedSpa / Wellness Segments

ICP Tier	Facility Type	Profile	Fit Level	Recommended Motion
MedSpa A	Single-location medspa	1–3 providers, owner-led	Very High	Scheduler / VWA / lead follow-up
MedSpa B	Growth-stage medspa	2–5 providers or 2–3 locations	Very High	Coordinator + SDR / CRM support
MedSpa C	Physician-led aesthetics clinic	Dermatology, plastic surgery, anti-aging, wellness medicine	High	Scheduler + VMA/PCC-style support
Spa A	Day spa / wellness studio	Non-medical services	High	VWA / guest communication

ICP Tier	Facility Type	Profile	Fit Level	Recommended Motion
Resort Spa	Hotel/resort wellness department	Integrated with hospitality	Very High	VWA / hospitality assistant
MedSpa D	Multi-state corporate medspa	Corporate workflows	Opportunistic	Structured team, longer sales cycle

Ideal Customer Profile — MedSpa

Primary decision-maker: Owner, medical director for clinical boundaries, practice manager, spa director, operations manager, lead injector/provider.

Operational pain: Missed leads, slow follow-up, incomplete intake/consent packet routing, poor rebooking, membership churn, inconsistent pre/post-care instructions, CRM disorganization, no-show/cancellation management, social inquiry backlog.

Remote readiness: Uses Aesthetic Record, Boulevard, Zenoti, Mindbody, PatientNow, Nextech, ModMed, RepeatMD, TouchMD, GoHighLevel, HubSpot, Square, Shopify, or similar CRM/booking tools.

Budget maturity: Cash-pay businesses can justify remote support when it improves conversion, rebooking, retention, and provider utilization.

Primary buyer psychology: Wants more booked appointments and smoother client experience without hiring additional local front desk or sales staff.

Ideal Customer Profile — Spa / Wellness

Primary decision-maker: Owner, spa director, wellness program director, resort wellness manager, operations manager.

Operational pain: Scheduling, package coordination, reminders, client check-ins, program material delivery, survey tracking, membership engagement, retreat/session logistics.

Remote readiness: Uses booking platform, CRM, shared inbox, structured templates, and program documentation.

Budget maturity: Can support admin support where bookings, packages, and repeat engagement drive revenue.

Primary buyer psychology: Wants service polish, consistent communication, and better retention.

Role Mapping

H& Jobs Role	MedSpa / Spa / Wellness Use Case	Fit
Virtual Wellness/Hospitality Assistant	Membership/program coordination, reminders, engagement tracking, surveys, resources, non-clinical support	Primary
Virtual Medical Scheduler / Receptionist Adaptation	Appointment booking, confirmations, cancellations, intake reminders, follow-up calls	Primary
SDR Adaptation	Lead response, consultation booking, campaign follow-up, CRM cadence	High
Patient Care Coordinator Adaptation	Intake packet tracking, financing coordination, patient cost explanation, referral/lab coordination for physician-led clinics	Secondary
Virtual Medical Assistant	EHR/document upload, chart readiness, forms, non-clinical patient data for physician-led clinics	Conditional
Virtual Scribe	Only for physician-led clinics that require provider-directed clinical documentation	Conditional
Executive Assistant	Owner/operator support, vendor coordination, reporting	Optional
Medical Billing Coordinator	Only for insurance-billed medical wellness services; most medspa workflows are cash-pay	Conditional

The VWA JD is the strongest base because it covers scheduling, progress/engagement tracking, surveys, resources, CRM/patient engagement tools, and supportive communication. The VMS role fits medspa scheduling because it already covers call handling, appointment scheduling, confirmations, reminders, prep instructions, multi-provider calendars, and documentation of communication records. The VMA and Scribe roles should be used only where the medspa is medically integrated and provider-directed documentation is required.

High-Intent Buying Triggers

Trigger	Interpretation
"Leads are not being followed up fast enough"	SDR / scheduler fit
"Providers are booked but admin is messy"	VWA or scheduler fit
"Consults do not convert"	Lead follow-up + CRM cadence fit
"Clients forget pre/post-care instructions"	VWA support fit
"Memberships/packages are not tracked well"	VWA / CRM support fit
"We are opening a second location"	Category B growth-stage target

MedSpa / Wellness Disqualification Rules

Disqualify or defer accounts that:

- Want remote staff to recommend treatments, determine candidacy, answer clinical safety questions, or provide medical advice.
- Lack licensed provider oversight for medical aesthetic services.
- Do not separate sales scripts from clinical evaluation.
- Expect remote staff to handle emergencies without facility-side escalation.
- Use informal DMs/texts only and refuse CRM logging.
- Have no defined consent, intake, or post-care templates.
- Want billing support for insurance-billed services without clear payer workflow.

7.9 Florida Launch Priority — MedSpa / Wellness

Highest priority regions:

1. Miami / Miami Beach / Coral Gables / Aventura
2. Fort Lauderdale / Boca Raton / Palm Beach
3. Naples / Sarasota / Lakewood Ranch
4. Tampa / St. Petersburg / Clearwater
5. Orlando / Winter Park / Dr. Phillips
6. Jacksonville / Ponte Vedra / St. Johns
7. Resort spa markets: Keys, Naples, Palm Beach, Orlando, Sarasota
